

**National Transport and  
Safety Authority**

## **IMPORTANT NOTICE ON MOTOR VEHICLE INSPECTION**

### **INTRODUCTION OF THE THIRD IDENTIFIER**

The National Transport and Safety Authority wishes to notify motor vehicle owners that with effect from **1st October, 2017** all motor vehicle inspection bookings will be charged an additional one-off fee of **Kshs. 700** for the Third Identifier Sticker. The acquisition of the Third Identifier is in line with Traffic (Registration Plate) Rules, 2016 (Legal Notice No.62) gazetted on 15th April, 2016.

Application for the Third Identifier is through the Integrated Transport Management System (TIMS), available on the NTSA website ([www.ntsago.ke](http://www.ntsago.ke)). On completion of the inspection process, one will be issued with the sticker and it will serve as the official NTSA Motor Vehicle Inspection Sticker and can be read electronically.

The Third Identifier will be placed on the wind screen of a motor vehicle and will bear discrete and covert features of the motor vehicle registration, ownership and inspection details.

Due to its security features, the sticker is protected against forgery and is automatically destroyed when removed or tampered with. Therefore, no one should be allowed to tamper or remove the sticker for any reason. In case the sticker is damaged, the owner should apply for a replacement at **Ksh. 700**. The Third Identifier has a ten (10) year validity period before one makes a replacement.

Enquiries on the Third Identifier should be sent to [tims.support@ntsago.ke](mailto:tims.support@ntsago.ke) or through the free NTSA App available for download on Apple and Google Play Store.

**DIRECTOR GENERAL**
